H.4 Consider adoption of Resolution 2024-04-24-001 authorizing the Executive Director to enter into an Interlocal Agreement with the Guadalupe-Blanco River Authority for design services for the expansion of the Carrizo Water Treatment Plant. ~ *Graham Moore, P.E., Executive Director*

#### **Background/Information**

The Authority entered into the Water Treatment and Transmission Agreement in June 2018 with the Guadalupe-Blanco River Authority (GBRA) that prescribed 15,000 acrefeet of capacity in the Carrizo Water Treatment Plant (WTP) for GBRA's use. This project is currently in construction.

In 2022 GBRA requested that the Authority consider expanding the capacity of the WTP by 10.2 million gallons per day. This additional capacity has not previously been planned into the master plan for the WTP.

In May and June 2023 Staff and consultants presented options for the expansion of the WTP and possible cost splits between Alliance Water and GBRA. The analysis indicates that Alliance Water could save approximately \$14 million by expanding the WTP in conjunction with GBRA. In November 2023 some of the Alliance Water members met with GBRA to further discuss the possible expansion.

Staff has pointed out that in order for the WTP expansion to provide for more water to the Sponsors, that an expansion of the Alliance Water raw water system and the Maxwell Booster Pump Station would both be required, both of which also come at a significant expense (refer to Agenda Item I.9).

In order to meet the requested timeline of additional operational WTP capacity by the Spring of 2027, the design of the expansion needed to commence in early 2024. The Board approved a Work Order with Kimley-Horn and Associates to prepare the Preliminary Engineering Report for the Water Treatment Plant Expansion – that work is currently underway.

Below is the anticipated schedule for the expansion project, including when decisions need to be finalized to enter into the construction portion of the WTP.

Project Schedule – Critical Path Items\*

- WTP Design NTP: January 2024 (<u>AUTHORIZED</u>)
- ARWA Decision on Construction Participation: May 2024
- ARWA-GBRA Agreement on WTP Construction Funding: June/July 2024
- WTP Bidding: December 2024

#### **BOARD MEMBER PACKETS**

Wednesday, April 24, 2024 at 3:00 P.M. San Marcos Activity Center, 501 E. Hopkins Street, San Marcos, TX 78666

- WTP Construction NTP: March 2025
- WTP Startup: January 2027

\* Note: the expansion of the ARWA raw water facilities and Maxwell Booster Pump Station can occur more quickly than the WTP expansion and therefore are not shown in the critical path schedule.

The attached Interlocal Agreement covers only the design of the WTP and does not include a commitment to move forward with the construction of the WTP. Furthermore the agreement commits that each party will pay for 50% of the costs of the design services for the expansion of the WTP.

Staff is requesting approval of the Interlocal Agreement while the additional details regarding participation in the expansion of all facilities (WTP, raw water system and Maxwell BPS) are further developed with the Authority's Sponsors.

**2.** The ARWA Facility is capable of expansion to increase its treatment capacity; and

**3.** The Parties desire to collaborate on an expansion of the ARWA Facility (the "Proposed Expansion"), through which GBRA and ARWA could jointly utilize as a cost-effective method to meet the water demands of both GBRA and the members of ARWA.

4. The Interlocal Agreement between ARWA and GBRA is only for the design of the Proposed Expansion and does not contain a commitment to construction of the Proposed Expansion.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE ALLIANCE REGIONAL WATER AUTHORITY:

**PART 1.** The attached Interlocal Agreement with the Guadalupe-Blanco River Authority is approved.

**PART 2.** Alliance Water's Executive Director, Graham Moore, is authorized to execute the Agreement on behalf of Alliance Water.
